

UV Station

What are Guests Saying?

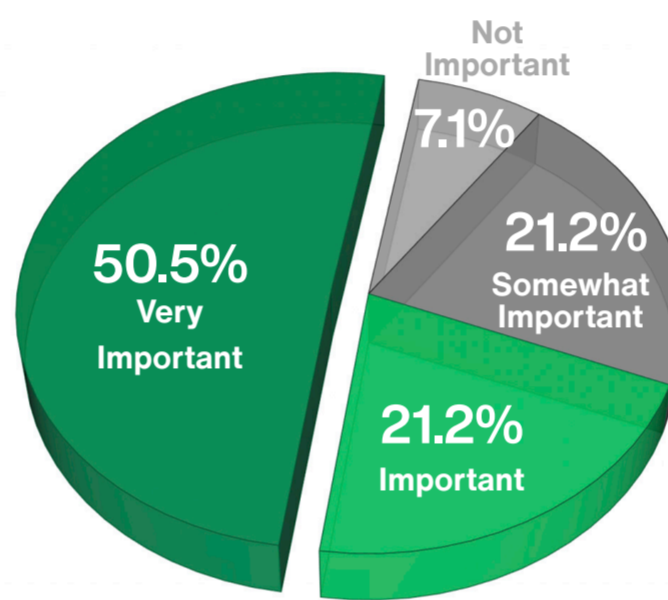

How important is it for you to be able to sanitize commonly used items like phones, watches, key cards etc?

- Over 80% of guests surveyed said it's important for them to be able to Sanitize their most commonly used items
- Only 14% said it was somewhat important, and 0% of guests said it wasn't important

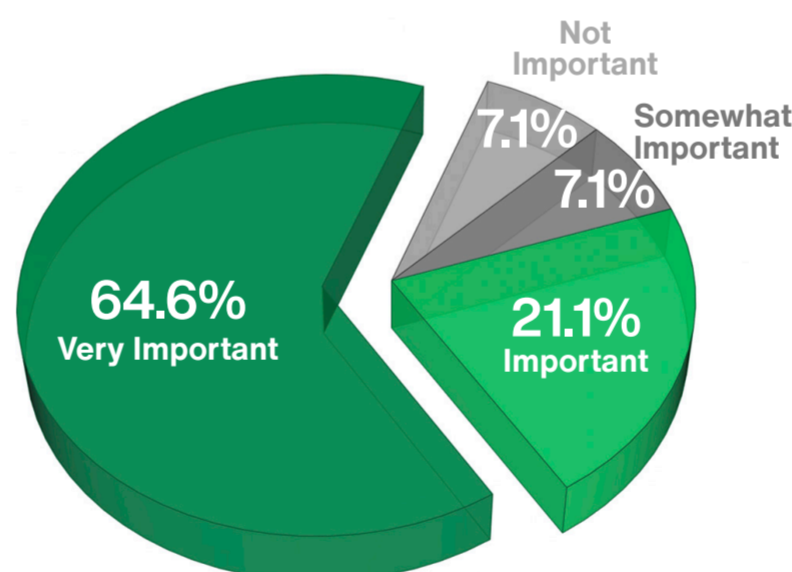

How important is it for you to be able to use wireless charging during your stay?

- Nearly 75% of guests say it's important to be able to use wireless charging during their stay. This number continues to grow as more and more guests get wireless charging phones

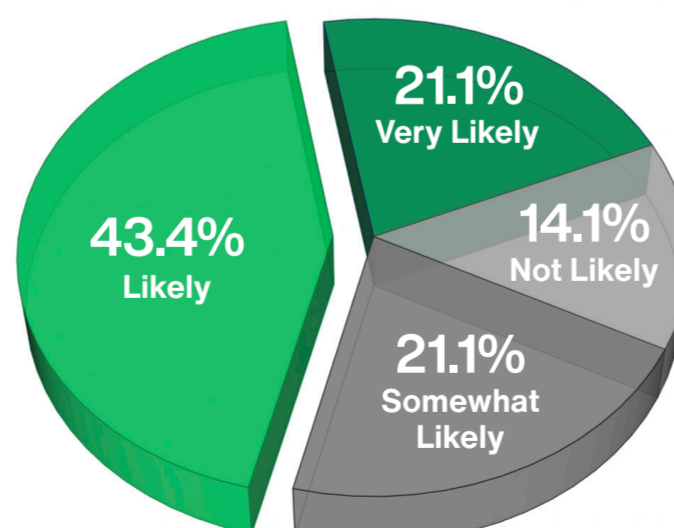

How important is it for you to know the TV remote has been sanitized prior to your stay?

- Nearly 2/3 of guests say it's VERY IMPORTANT that the remote has been sanitized prior to their stay. This reinforces how much concern there is about the cleanliness of the in-room remote
- Less than 10% of guests say it's not important that the in-room remote has been sanitized

How likely would having a product like UV Station influence your future choice of hotel?

- Over 60% of guests say it's likely that having a product like UV Station would influence their choice of hotel
- More surprisingly, less than 20% of guests say it's NOT likely that having a product like UV Station would influence their choice of hotel
