

KUBE SYSTEMS

# KS Clock™

Designed specifically for the hotel industry, KS Clock™ is a premium universal charging system with built in cables for all mobile devices.

KS Clock™ - convenient, compact and future proof. It is the perfect, phone charging and music streaming solution.

## NO MORE OUTLETS BY THE BED?

**How will your guests charge their phones and tablets?** With Kube, of course. Alarm clock, music player and phone charger for up to six devices concurrently. You don't even have to supply the cables.

### What phone do you have? What about your guests?

The KS Clock™ has inbuilt Apple® Lightning, Apple® 30pin and Micro USB flip out cables suitable for Androids, Blackberrys and virtually every smart phone and tablet available.

With inbuilt Bluetooth Music Streaming and intuitive alarm clock, KS Clock is the perfect bedside companion.

Also, KS Clock™ has two additional Auto sensing USB ports and optional **Wireless Charging**, powered by Qi technology.

- ✓ Hardware is fully upgradable as global charging standards change
