SUMMER COLLECTION 2016

Our 2016 Collection has arrived. Created in collaboration with New York based designer Elisa Carlucci, the inspirational designs emphasize form, pattern, and artisanal craftsmanship. We are proud to produce the entire collection in America; assuring timeless designs that are the heirlooms of the future.

Enjoy,

A handwritten signature in black ink that reads "Jobst T. Blachey". The signature is written in a cursive, flowing style with a prominent initial 'J'.

The beauty of form is the central theme in her work. A designer and sculptor, Elisa brings both organic and graphic forms to the home in this new collection for Quintus. Based in New York City, Elisa Carlucci has been the creative

talent behind some of the countries most important brands for over 20 years. From sterling objects for Tiffany & Company to minimalist dinnerware for Calvin Klein to home furnishings at Pottery Barn and Target, Elisa established herself in the product world and then brought her talents to private clientele. After spending seven years creating to-the-trade and custom furniture, lighting, textiles and rugs for one the countries top interior designers, Elisa opened her own design studio in 2012. She consults and designs for luxury brands and interior designers. Elisa met Jobi Blachy in 2013, a year later they collaborated on an extraordinary project, creating over 90 pieces of bespoke furniture for a single home. Jobi then called upon her talents when he acquired Quintus to design his first collection. After seeing great success in the 2015 collection, Quintus proudly launches a 2016 collection giving Elisa the platform she has long deserved.
