

RING SIZE GUIDE

WITH PRINTABLE SIZER

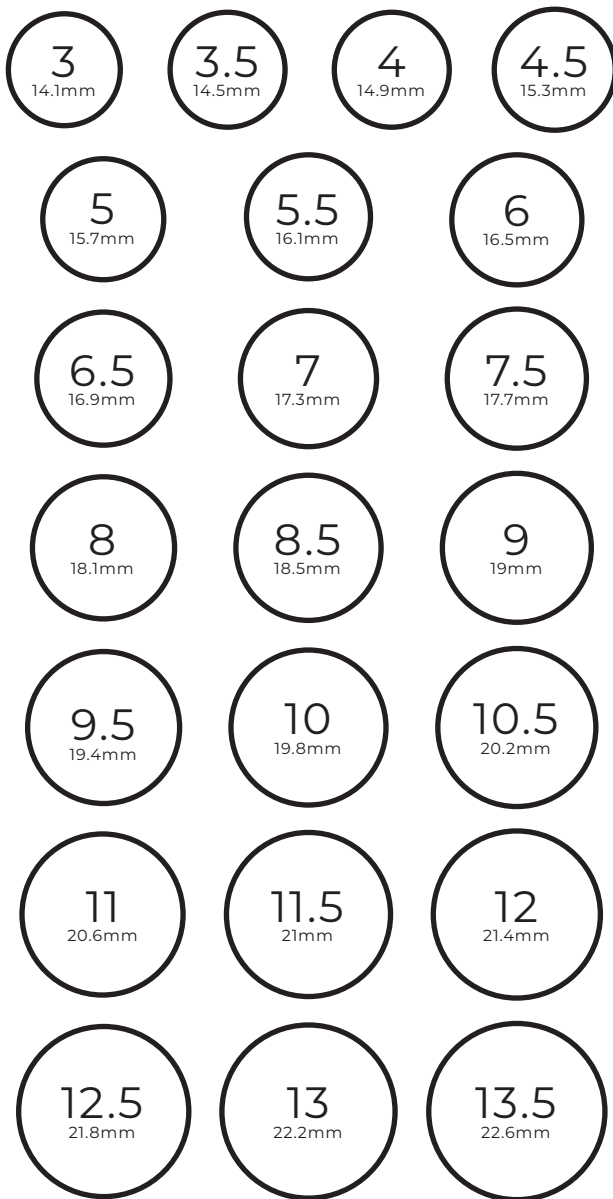

To print this page: from the print settings, select custom scale at 100% and choose paper source by pdf page size.

Don't have a printer? Take a piece of floss or thin string and wrap it around the base of your finger. Mark where the floss overlaps with its end with a pen. Use a ruler to measure the length in millimeters from the end of the string to the mark you made. Find your measurement in the chart below to find your corresponding ring size.
