

Nature's Technology  
At Work in Your World®

Orb-3 Solutions natural enzyme technology is non-hazardous, non-toxic, and non-flammable, making them safe for the environment & those who use them. Complement your lake and pond treatments with: enzymes for water quality and clarity, trace minerals, essential good bacteria and antifoam.

Lake & Pond

**ORB-3**®  
SOLUTIONS

## Lake & Pond Dry Bacteria

Treats up to 16,000 Gal

Ideal for both ponds & water gardens

Fast-replicating strains on fortified grain carrier  
Naturally cleans water to enhance clarity  
Minimizes sludge bed accumulation  
Safe, pathogen-free blend

**Description** Convenient Orb-3 Lake & Pond Dry Bacteria is a cost-effective supplement to your pond or water garden's beneficial bacteria population.

Orb-3 Lake & Pond Dry Bacteria naturally reduces excess fish & plant material to keep your water fresher & your pond environment sparkling. Use regularly with other Orb-3 Lake & Pond products to improve water conditions.

**Directions** Dilute each dose with a minimum of 1 gallon of pond water to make a slurry. Keep agitated while dispersing product evenly over pond surface using a manual sprayer or trash / diaphragm pump.

### Usage Rate

Initial: 2 tbsp per 500 gal or 3 lbs per acre-foot  
Weekly: 1 tbsp per 500 gal or 1/2 lb per acre-foot

**For Best Results** Apply when ambient temperature is 50°-90° F; dissolved oxygen level is over 1.0ppm; pH is 6 - 8; alkalinity is less than 100ppm. Never commingle with bactericides or quaternary disinfectants as they will degrade/inactivate bacteria.

Proper aeration & more dilution upon application will enhance product performance.

**Shelf Life** Store this product out of direct sunlight in a cool dry area. For best results, use within 12 months.
