**ORB-3**®  
SOLUTIONS

## Sludge Pellets

Treats up to 333 sq ft

Ideal for both ponds & water gardens

Reduces buildup on beaches or pond bottom  
Visible results in as little as 7-10 days  
Reduction can be limited to targeted areas  
Cost-effective alternative to dredging

**Description** Orb-3 Sludge Pellets drive the active ingredients to the pond bottom so the muck-eating bacteria, enzymes, & trace minerals can go straight to work.

The convenient Orb-3 Sludge Pellets make beach cleanup & natural sludge-bed maintenance, without mechanical dredging, easy.

**Directions** Broadcast pellets uniformly over area to be treated. Use weekly in water gardens, & monthly or seasonally depending on sludge depth & age in ponds.

**Usage Rate** 3 lbs per 1000 sq ft or 125 lbs per surface acre

**For Best Results** Increase application frequency for faster results.

Apply when ambient temperature is 50°–90° F; dissolved oxygen level is over 1.0ppm; pH is 6 – 8; alkalinity is less than 100ppm.

Never commingle with bactericides or quaternary disinfectants as they will degrade/inactivate bacteria.

Proper aeration will enhance product performance.

**Shelf Life** Store this product out of direct sunlight in a cool dry area. For best results, use within 12 months.
