

Nature's Technology At Work in Your World®

Orb-3 Solutions natural enzyme technology is non-hazardous, non-toxic, & non-flammable, making them safe for the environment & those who use them. Complement your lake and pond treatments with: enzymes for water quality & clarity, trace minerals, essential good bacteria & antifoam.

Lake & Pond

ORB-3® SOLUTIONS

Water Garden Enzymes

Treats up to 8,000 Gal

Speeds organic waste breakdown in water gardens
Continuous cleaning action improves water quality
Improves effectiveness of chemical treatments
Safe for fish and aquatic plants

Description The Orb-3 Water Garden Enzymes formula is designed to work well in small water bodies. This delicate ecosystem of ornamental fish and aquatic plants requires the removal of excess organic material and suspended solids.

It enhances water clarity and minimizes sludge accumulation so you can enjoy your beautiful water garden.

Directions Dilute recommended dosage with a minimum of 1 gallon of pond water. Disperse product evenly over pond surface using a hand-held or mechanical sprayer.

Usage Rate

Initial: 4 ounces per 500 gal

Weekly: 2 ounces per 500 gal

For Best Results Apply when ambient temperature is 50°-90° F; dissolved oxygen level is over 1.0ppm; pH is 6 - 8; alkalinity is less than 100ppm.

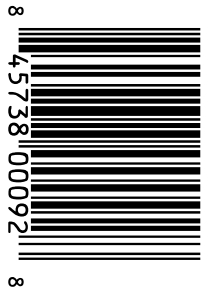

Treat consistently using an automatic feed system.

Proper aeration and more dilution upon application will enhance product performance.

Shelf Life Store this product out of direct sunlight in a cool dry area. For best results, use within 12 months.
