

## Care & Packaging Instructions / LED Flameless Candles

***Failure to follow these instructions will result in your bond being held.***

Step 1: Turn off the candles. Ensure the switch is in the OFF position as per the image below.

Step 2: Place each candle in the corresponding plastic tube. Ensure you are putting the correct candle in the correct sized tube. Put the lid on.

Step 3: Place packaged candles into the container provided. Put the container lid on.
