

Care & Packaging Instructions / LED Candles

Failure to follow these instructions will result in your bond being held.

Step 1: Turn off the candles. Ensure the switch is in the OFF position as per the image below.

Step 2: Find the corresponding box for each candle, including the foam insert.

Step 3: Place each candle in the corresponding box. Put the foam insert on the top, close the lid

Step 4: Place the remote into the bubble bag provided then place it into the plastic bag
