## Seriously Cool Paper Goods

Seriously Shannon is a line of fun, goofy, and colorful greeting cards and paper goods created by designer Shannon Slocum aimed at delivering humor and fun through illustration.

**Hello!** I'm Shannon and I'm not that serious! I'm the founder, illustrator and designer behind Seriously Shannon.

I started Seriously Shannon in 2015 in my hometown, Mesa, Arizona. Last year I took the business on the road in my recently renovated vintage motorhome! I'm still based in Arizona for the cooler months, snowbird style.

My design style is combination of my hand-lettering, fun illustrations, and lots of color.

All of my paper goods are designed, printed and constructed from my tiny home studio. I hope to spread a little joy and fun through my products!

Please contact me with any questions.
