

# Valutek Nylon Full & Half Finger Glove Liners

Part Number: VTGNLR-1/1 & VTGNLR-1/2

**Description:** Valutek's nylon glove liner is manufactured with lightweight non-linting, fine-gauge knitted, 100% continuous filament virgin nylon. The glove has an ambidextrous shape in one universal size. This glove liner fits comfortably under latex, PVC or nitrile gloves. The seamless design limits skin irritation caused by direct contact with glove material. This glove liner is available in both full finger and half finger designs. All Valutek glove liners are tested and manufactured in ISO compliant facilities under Valutek inspection and strict process control to ensure Valutek quality standards and product specifications.

**Features & Benefit:**

- 100% knitted nylon material limits skin irritation caused by direct contact with glove material
- Full and half finger design allows for increased fingertip dexterity
- Durable and comfortable
- Universal size and ambidextrous shape for easy stock control

**Material:** 70 denier nylon pattern, 15 fine gauge per inch stitching, 2 yarn knitted construction.

**Attributes:** Glove liner weight: VTGNLR-1/1: 12±2 grams/piece  
VTGNLR-1/2: 7±1 grams/piece

**Application:** As part of the **Valutek Microtek product family**, this product is recommended for use in a cleanroom Class 100-1000 (ISO 5-6) critical environment. Wearing under latex, PVC or nitrile gloves, this product provides operator with skin protection and hand comfort.

**Color Option:** White
