

Valutek 3-Ply Polypropylene Face Mask

Part Number: VTMASK

Description: Valutek's disposable 3-ply polypropylene face mask is constructed from nonwoven pleated, 7" x 3½" rectangular, glass-free polypropylene material with a malleable flat aluminum noseband. Available in both floss-covered round elastic ear-loops and head band design. All Valutek masks are tested and manufactured in ISO compliant facilities under Valutek inspection and stringent process control to ensure Valutek quality standard and product specification compliance.

- Features:**
- 3-ply material provides excellent guard against bacteria and particulates
 - Malleable noseband ensures adjustable proper seal and perfect fitting
 - High filtration capacity
 - Very low breathing resistance
 - Without glass fibers

Application: As part of the **Valutek Microtek product family**, this product is recommended for use in a clean-room Class 100-1,000 (ISO 5-6) critical environment.
