

Valutek Nylon Knit Wiper

Part Number: VTNNW

Description: Valutek's nylon wiper is constructed from 100% nylon in a double-knit, no-run, interlock pattern. This clean and absorbent wiper offers excellent softness and superior strength. Laundered and packaged in a cleanroom. All Valutek wipers are tested and manufactured in ISO compliant facilities under strict inspection and process control.

Features:

- 100% continuous filament, double-knit nylon fiber
- Cold knife cut edge
- Available in a variety of sizes to suit most applications

Benefits:

- Excellent tensile strength, elasticity and durability
- Low levels of particulate and extractable counts
- Chemically compatible with common cleaning and disinfecting solutions

Application: As part of the Valutek Microtek product family, this product is recommended for use in a cleanroom Class 100-1000 (ISO 5-6). The tough and abrasive surface of nylon makes it a great selection for cleaning stubborn contaminants.

VTNNW Size & Packaging

Wiper Part Number	Size	Packaging
VTNNW-99	9" x 9" 23 cm x 23 cm	150 ea/bag, 8 bags/case, 1200 ea/case
VTNNW-1212	12" x 12" 31 cm x 31 cm	100 ea/bag, 10 bags/case, 1000 ea/case

- All wipers are packaged in double poly bags, vacuum sealed, flat packed in carton boxes, with a carton liner.
- Critical environment compatible. All wipers are lot traceable with retention samples held in Quality Control for 36 months from date of manufacturing.
