

Valutek Coated Polypropylene Sleeve

Part Number: VTSLVC

Description: Valutek's disposable coated polypropylene sleeves are constructed from lightweight, strong, durable polyethylene coated spunbond polypropylene fabric with a non-latex elastic cuffs design. The polyethylene coating offers great liquid protection. All Valutek sleeves are tested and manufactured in ISO compliant facilities under Valutek inspection and stringent process control to ensure Valutek quality standard and product specification compliance.

Application: As part of the **Valutek Microtek product family**, this product is recommended for use in a clean-room Class 100-1,000 (ISO 5-6) critical environment. It is also commonly used in applications where durability, liquid protection and cleanliness are of great importance.

Color Option: White

VTSLVC Physical Properties

Part Number	Length	Material Weight	Test Method
VTSLVC-21	21" ± 0.5"	40 ± 2 gsm	IEST-RP-CC-003
