

Valutek Spunlace Non-Woven Face Veil

Part Number: VTVEIL-EL

Description: Valutek's disposable spunlace non-woven face veils are constructed from a blend of 55% polyester and 45% cellulose non-linting fabric. The veil has a malleable flat aluminum nose-piece with an elastic headband design to ensure a better fit. The veils are lightweight with great breathability while maintaining full coverage for operators. All Valutek face veils are tested and manufactured in ISO compliant facilities under Valutek inspection and stringent process control to ensure Valutek quality standard and product specification compliance.

Application: As part of the **Valutek Microtek product family**, this product is recommended for use in a clean-room Class 100-1.000 (ISO 5-6) critical environment.

Color Option: White

VTVEIL-EL Physical Properties
