**Tailgate Mercantile Company**  
**New York Yankee Greats Silhouettes**

*Printing Info:*

Included in the template file are 8.5x11" pages with the silhouettes, numbers and baseball stitches. This design is meant to be printed on a standard home printer using 8.5x11" letter sized sheets of paper. Be sure that "double-sided" printing is off. Feel free to use your printer to scale the designs to fit your project.

*Application Tips:*

Tape the page to your pumpkin. Trace the outline of the design with a pen or pencil - be sure to press hard enough that it creates an indented line on your pumpkin. Remove paper and begin carving.

*Finishing Tips and Options:*

Use the toothpick method for any of the designs with "hanging" pieces. Cut out the whole silhouette then cut out the extra piece and use toothpicks and place it back into the pumpkin's cutout.

If you prefer to paint your pumpkin rather than cutting out the shapes, simply follow the application tips above and paint within the silhouettes.
