GAME SETUP:

Frescobol is a classic yard or beach game created in Rio de Janeiro, Brazil. The game is played with two players who work as a team. This game is perfect to pick up and play anywhere and is often seen as a collaborative game, where the players are partners and friendship and commitment is cultivated.

Game setup is as easy as it gets. Just grab your paddles, find some open space and start playing.

Players start about 15 feet apart and hit the ball back and forth to each other while trying to keep the ball from hitting the ground. Players can start to hit the ball harder and move back as they get more confident with their progress and try hitting the ball from 25 feet apart or farther!

WHERE TO PLAY:

Frescobol can be played anywhere there is sufficient space for hitting the ball back and forth. Usually outdoors on a beach, yard, tailgate, or even in the snow!

HOW TO PLAY:

Frescobol is a cooperative style, as opposed to the competitive style of beach tennis. There are no points scored as no team or player is trying to win. However, players can count how many times the ball is hit back and forth before it hits the ground and continue to try and beat the high score.

Teams of two can work together to try and get the most hits back and forth and other teams can try and beat the high score.

WINNING THE GAME:

With Frescobol, everyone wins! Just get out, play, enjoy and you will be hooked.
