

SCORING:

Points are awarded for getting your ring to land completely around a post. Rings touching or leaning on posts do not get points.

WINNING THE GAME:

Once a player reaches 100 points or more, the remaining players in that round get one more chance to score higher than the player who reached 100. If they do not, the player who reached 100 or more wins. If they tie the player who got 100 points or more, then those two players play another round to determine the winner. If they get more points than the player who got 100 points or more, they win.

USE AND CARE:

YardGames.com Ring Toss sets are made with finished wood and are water resistant but not water proof. To prevent damage and wear, store the game indoors in a dry area.

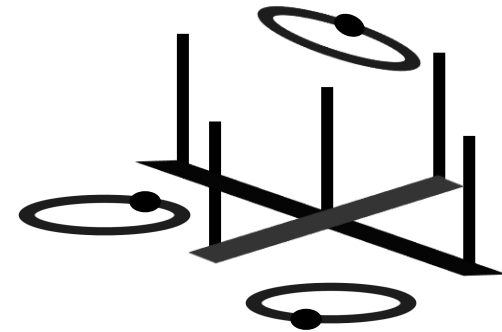

Adult supervision is required for children playing this game.

HOW TO PLAY:

Each Player tosses one ring at the target and whoever gets closest or on the middle ring goes first.

Player 1 tosses all their rope rings at the target. After all five rings have been tossed, use the number markers to add up your score.

Remember your score and Player 2 tosses all five rings and adds up their score.

Then, Player 3 tosses and so on. The round is complete once all players have tossed all five rings.
