THINGS TO CONSIDER "Don't"

- Don't upload lesser quality photos, this will cause the print to appear blurry.
- Don't take a picture of an, existing photo. this does not increase the quality.
- Keep your hands down.
- Don't use group photos. One person per one image.

WHAT TO WEAR: Make sure your clothing isn't the same color as the background or else you'll appear as a floating head.

LIGHTING IS IMPORTANT: If you wear a hat in your photo, make sure it doesn't cast a shadow that will conceal your face. We suggest taking a photo in front of a good light.

DON'T HIDE YOUR PRIDE: Wear team colors or jerseys to show team support.

GLASSES WEARER: Try angling your face to prevent glaring and avoid using flash.

DON'T TAKE A PHOTO OF A PHOTO: Taking a photo of a photo will only decrease the quality.

STRAIT ON, WASTE UP: - Make sure the photo is shot strait on and from the waste up.

PREFERRED FILE SIZE: Make sure file is high resolution photo saved as a JPG.
