Artist's Notebook

To apply dry brush, dip an old bristle brush in paint then brush back and forth to remove most of paint until brush appears stained. Then lightly and quickly apply the brush to the area you wish to shade.

Painting Instructions

1. Prep the entire decoy in accordance with the decoy painting instructions, prime with gray Parker Decoy Primer. Draw lines using a pencil.
2. Paint the entire body Brown (3) or Chocolate Brown (24).
3. Paint the head either Tan (8) or River Bottom (30), and eye stripes Black (5).
4. Use "dry brush" technique with Black (5) to shade top of head to desired darkness. Paint bill Green Gold (11)
5. Draw in speculums with pencil then paint with Purple (64).
