Artist's Notebook

For a softer transition from (25) to (65) on the head, consider using the dry brush technique with a small brush to fade the line between the two colors.

Painting Instructions

1. Prep the entire decoy in accordance with the decoy painting instructions, prime with gray Parker Decoy Primer. Draw lines using a pencil.
2. Paint the back and side pockets using Ground Color (20).
3. Paint the head, chest, and tail using Hen Brown (65); let dry.
4. Paint the front of the head and eye stripe using Ivory (25).
5. Paint the bill using Blue Gray (29).
