# Common Goldeneye Drake

### Artist's Notebook

For a darker green head, apply the first coat using Black (5) and apply Woody Green (66) as the top coat.

## Painting Instructions

1. Prep the entire decoy in accordance with the decoy painting instructions, prime with gray Parker Decoy Primer. Draw in lines with pencil.
2. Paint body White (2) and Black (5). Paint the bill Black (5).
3. Paint head with Woody Green (66). Once dry apply White (2).
4. For wing stripes apply single stroke of White (5). This may require multiple coats. Once dry take a smaller brush and apply single strokes of Black (5).
