Artist's Notebook

There are many lines to contend with. Be sure to plan your layout before you begin to paint.

Painting Instructions

1. Prep the entire decoy in accordance with the decoy painting instructions, prime with gray Parker Decoy Primer. Draw lines using a pencil.
2. Paint the side pockets and chest with Widgeon Brown (62).
3. Paint the back with Medium Gray (13).
4. Use White (2) to paint the rump, wing patches, and top of head.
5. Finish the speculum with Green (1).
6. Paint the tail Black (5), then using a small round brush, line the green speculum.
7. Paint the lower head and neck with Tan (8) or Ground Color (20). Finish with Green (1).
8. Paint the bill Slate Blue (60) and once dry, paint the tip of the bill with Black (5).
