“

I have a big sweet tooth and living with Thyroid Cancer, IBS and Lyme disease, I needed a treat. I was drinking a lot of hot cocoa until my doctors told me the chemicals, dairy and sugars in current hot cocoa mixes weren't good for me. I looked for an alternative, but found none. So I set out to create one; a deliciously rich instant coconut hot cocoa mix without all that junk.

# What Our Foodies Are Saying.....

**"Best Hot Chocolate Around** - First tried this hot chocolate at a gluten free expo and my wife, who is gluten free and dairy free, fell in love. We order this product from Bare Life on a regular basis. Tastes great. Easy to make and it is dairy free, gluten free, vegan, organic, etc. All I know is that my wife is able to enjoy hot chocolate again."

— Joseph

**"Not sugary and surprised it tastes very good!** - Yummy, Love it. Will definitely buy again! With a gluten and dairy allergy its hard to find something that isnt full of sugar or chemicals. Thank you!"

— Ginny Marie Brandis

**"Pure Delight!** - Bare Life hot cocoa is not like any "instant" hot cocoa you've ever had before. The flavor is fresh, there is no grittiness, and you aren't left with a funky aftertaste (like with those big brands). I just looked at the recipes on the Bare Life website, and I'm looking forward to making some brownies this weekend! Congratulations on a great new product!"
