Riddhika Jesrani Jewelry is 'Spainspired'!

Welcome to our colorful, fun and playful journey around Spain.

Staying true to her aesthetic, Riddhika has created a collection bursting with energy to showcase the Andalusian architecture, dance, food, culture and the genius of Gaudi!

The collection is handmade in Jaipur using metal, which is gold plated, handpainted enamel, pearls and stones.

We hope you enjoy this story, as much as Riddhika enjoyed creating it.

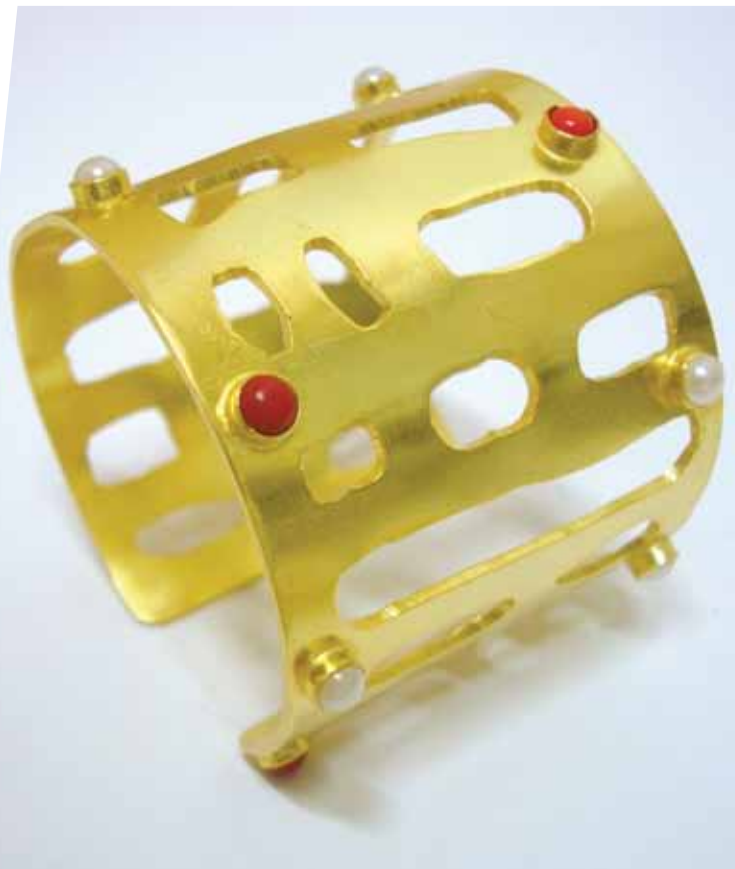

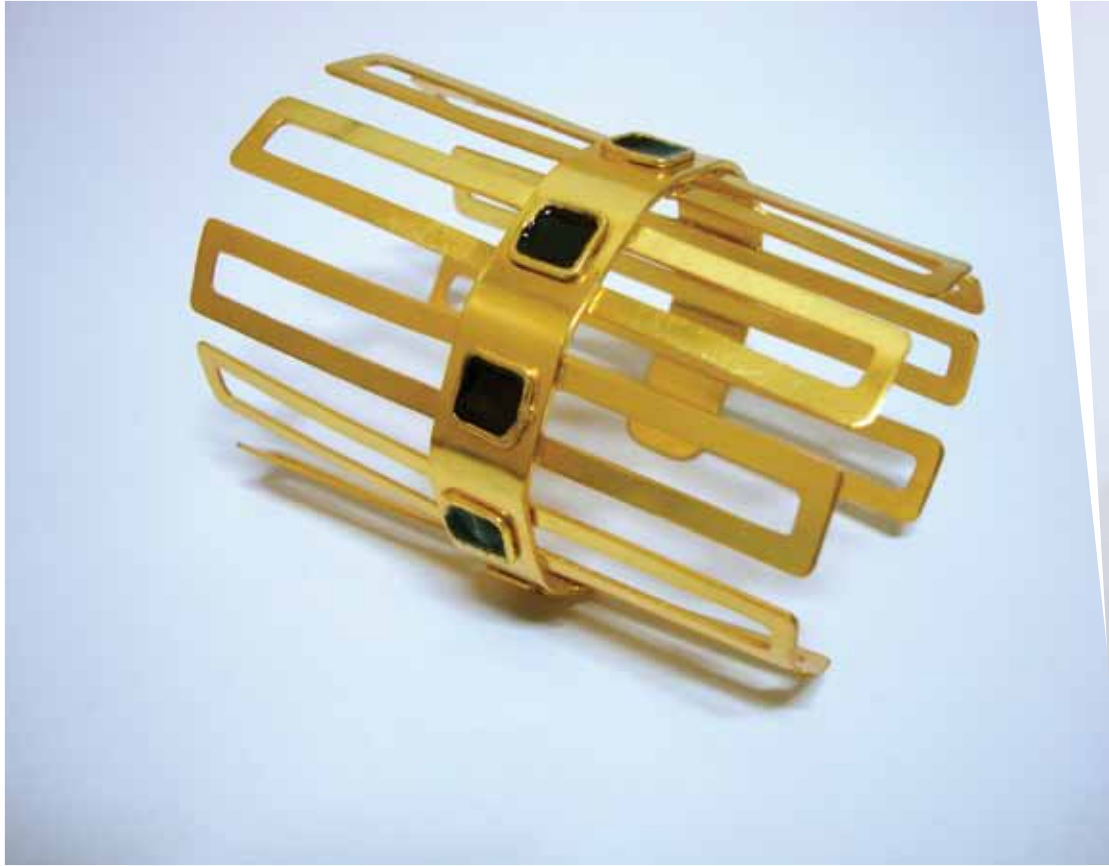

THANK YOU

for being part of our journey.
