Hello friends:

At Saalt, we are a team of hard-working and passionate individuals changing the stigma on period care worldwide. This summer, we are thrilled to grow our team with the introduction of four interns to assist in our Product Development, Customer Experience, Sales, and Marketing departments. We hope to provide an immersive, educational experience in an innovative setting that will set our interns up for success and teach them skills that they can take into their future careers.

How do I apply?

We are looking for local, Idaho-based students who are interested in learning the ins-and-outs of a startup, ready to work hands-on with product launches and brand campaigns, and are excited to work in a fast-paced, ever-changing environment. If this sounds like you, read the position description on the following page where you’ll find the link to apply.

Will I earn course credit?

We understand for many university students, getting and securing an internship includes working within the framework of your major’s requirements. We are happy to structure your internship so that you receive full credit for your time at Saalt.

How many hours will I work, and will I be paid?

- Yes! These internship opportunities are paid an hourly rate of $12/hr.
- Interns are required to work a minimum of 20 hours per week (flexible, but preferred hours between 9:00 am-3:00 pm) over 8 weeks starting May 17th, for a total of 160 hours, or an equivalent of about 3 course credits (please confirm your school’s course hour requirements).

Will what I learn be applicable to my major?

- Interns will have the opportunity to attend weekly department meetings to participate in collaborative team discussions and contribute to current projects.
✓ Interns will also meet for 1 hour bimonthly to discuss new learnings and questions with other interns and their Saalt Intern Coordinator, and take part in bimonthly check-ins with their assigned department supervisor.

✓ At the completion of the internship, interns will be supported in completing course paperwork by their Saalt Intern Coordinator. **We look forward to hearing from you!**
