WOMEN  
OWNED

# Axilla Compression T 918 BY WEAR EASE®

Specifically designed to provide additional compression for relief from axillary swelling. This new T comes with pockets sewn into the chest wall and the inside of the upper arm for placement of chip pads, swell spots or foam. Keep those items in place with a pocket. Great for travel, sleeping and active wear.

**Shirt is shown inside-out in photos below**

Shown with Swell Spot SP-06

Shown with Swell Spot SP-08

## Size chart - 918

Size	S	M	L	XL	1X	2X
Bust	36	38	40	43	46	49
Waist	31	34	37	40	43	46
Hip	38	40	42	45	48	51

Size chart is based on actual measurements in inches and not bra size. The fabric has a great deal of stretch that will accommodate adjustments. When determining size go by bust measurement first.

**Washing Instructions:** Wash garments every day or every second day. In addition to cleaning the garment, washing allows the yarns to realign after being stretched during wear and to maintain the best compression. Machine wash gentle, cold.

**Do not use bleach or fabric softener.** Hang to dry.
