

*paint it beautiful™*  
WITH THESE EASY STEPS

### GETTING STARTED

The secret to a beautiful finish is to apply Fusion Mineral Paint™ to a clean and sound surface. The Fusion™ formula adheres very well to clean water-based paints and even oil bases, without the use of a primer. Clean your piece with our TSP Alternative to remove grease and dirt, and if there is a gloss, give it a light scuff sand. We recommend using Fusion Ultra Grip™ on very high-gloss finishes, detailed areas, or slick surfaces like Thermafoil that cannot be scuff sanded easily.

### SELECTING YOUR TOOLS

Your tools for applying Fusion™ are just as important as your technique. Try one of our Staalmester brushes® for a flawless finish. We also offer microfiber rollers as an alternative to brushes.

### EASY APPLICATION

Less is more with Fusion™! The best way to avoid brush marks is to use only a small amount of paint on your applicator and apply with light pressure. If you can see paint lines/dimple marks, there is too much paint being used on your brush/roller. Remember, it's easier to add more paint than it is to remove it.

### RE-COAT TIME

Fusion™ is dry to the touch after 30 minutes and ready for a re-coat within 1-2 hours. Cure time with all acrylic paints is 21 days, however, painted surfaces can be used gently after 24 to 48 hours of drying time. Longer dry and cure times are required for painting done in high humidity and cooler temperatures, or in cases where multiple coats of paint were applied. Be gentle, the first couple of days after painting to ensure that perfect finish.

### BUILT-IN TOP COAT

Don't worry about sealing your piece – Fusion™ needs no additional top coat, as it is very durable. After the piece is cured, wash away spills using a soft cloth with water and a mild soap.

### A NOTE ON SPECIALTY FINISHES AND FAUX EFFECTS

If you require more protection there are several top coat options. On a light colour, you'll love our non-yellowing clear matte or gloss *Tough Coat™*. If you're using a dark colour and wish to increase the luster and durability in one step, apply our *Stain & Finishing Oil* in Natural, or our *Gel Stain & Top Coat* in Patina. Looking to enhance sheen, add a lovely pearl lustre, or perhaps a shimmering metallic glow? Try one of our clear, coloured, or metallic waxes. For a rustic, weathered charm, try our *Ageing Wax* or *Antiquing Glaze*.

## DID YOU KNOW?

Each pot of colour is hand-poured and labelled with love in North America.

We are family-owned and operated – proudly so! Our parent company, Homestead House Paint Co., has been in business since 1989.

We are environmentally conscious by design: all Fusion™ products are non-toxic, lead-free, virtually odourless, and free from volatile organic compounds (VOC), ammonia or formaldehyde. Our containers are made of 30% recycled materials.

*Paint is good  
for the soul*

Fusion Mineral Paint™ is a labour of love for founder Jennylyn Pringle. She has generations of paint expertise behind her, learned from the family business. Forever inspired by the power of a fresh coat of paint, Jennylyn created Fusion™ as the ultimate go-to for fellow DIY enthusiasts around the world. With over 50 gorgeous colours to choose from and a full range of specialty finishes, you can tackle any project: big or small.

Founded and based in Toronto, Canada, Fusion Mineral Paint™ is available globally at boutiques and independent retailers in over 20 countries. To learn more about the collection, where to purchase, or get inspired with our tutorials, connect with us online:
