

10 Inch Log

Description

The Bench Fitness Equipment 10 inch log is made from 3 mm laser cut and rolled plate with 3 mm plate inserts.

Handles are made from 33 mm round pipe and are set 650 mm apart with 355 mm long 48mm round pipe sleeves.

Finish on the coated sleeves may experience wear over time due to any contact with metal, such as when plates are added or removed.

Features

- Neutral handles 650mm on center
- Fully internal welded reinforced plates
- 48mm loadable sleeves
- 33mm diameter handle grips
