

BENCH Exercise Mat

Description

Whether you're working out at home or in the gym, the Bench Fitness Exercise Mat is the perfect addition to your fitness routine. Its compact size and lightweight design make it easy to transport and store, while its durable construction ensures it can withstand regular use.

The TPE material used in the Bench Fitness Exercise Mat provides a comfortable surface for all types of exercises, while the 6mm thickness offers optimal cushioning and protection. The non-slip surface provides stability during intense workouts, ensuring that you can focus on your form and technique without worrying about slipping or sliding.

Features

- TPE Non Slip surface
- 6mm Durable construction
- Reinforced hook holes
- Non slip surface for secure workouts
