

CORE Foam Roller Storage

Description

The Bench Fitness CORE Foam Roller Storage is a simple and effective solution to store your foam rollers.

Designed to hold up to 6 foam rollers, up to 153mm in diameter and will hold all lengths.

Made from 2mm mild steel laser cut and folded, finished in a Matt black powder coat.

Note: Due to the many different types of wall material that this unit can be mounted to, mounting hardware is not included.

Features

- Holds up to 6 foam rollers
- Wall mounting hardware not included
- Matt black powdercoat
