

CORE Hip Thrust Attachment

Description

Our Core range live up to their name, by being at the Core of what every gym needs.

From fitness models working on the “booty” to top level athletes, hip thrusts are an absolute must for anyone that wants power and longevity from their training, the nice rear end is certainly a nice added benefit. The Bench Fitness Hip Thrust Attachment fits any of the racks in our Core Rig and Rack range. Completely adjustable, the Bench Fitness Core Hip Thrust Attachment is suitable for athletes of all shapes and sizes. Covered in the same high density soft touch foam as our Benches, the Bench Fitness Core Hip Thrust Attachment is comfortable to use.

Built Strong as only Bench Fitness can, the Core Hip Thrust Attachment will take whatever you can throw at it for years to come.
