

# CORE Low Wall Rig

## Description

Our Core range live up to their name, by being at the Core of what every gym needs.

A solid rig is an absolute necessity for any Crossfit box or strength and conditioning gym. Allowing for a wide array of exercises, the CORE Low Wall Rig is an essential tool for developing effective athletes.

The Bench Fitness CORE Low Wall Rig is perfect for gyms where space is at a premium. With a choice of 1.1m, 1.5m, or 1.8m pull up bars between the rig and mounting point and a choice of 2.3m or 2.5m uprights, the CORE Low Wall Rig provides all the functionality needed to reach your fitness goals. With a choice of sizes ranging from 1,2,3,4 or 5 cells, the CORE Low Wall Rig can easily be customized to suit your gym's needs.

Bench Fitness aims to be at the CORE of making people strong and the CORE Low Wall Rig is the perfect addition in that mission.

Rig must be bolted to wall and floor.
