

CORE Weight Tree 3.0

Description

The Bench Fitness CORE Weight Tree 3.0 is the perfect space saving solution for storing all of your weight plates. Suitable for all types of olympic weight plates, including bumpers and calibrated plates. With 6 extended pins, there's enough space to store hundreds of kilograms of weights. The Bench Fitness CORE Weight Tree 3.0 also includes two barbell storage sleeves, providing a convenient space saving solution to storing your olympic barbells.

Designed using our Built Strong design philosophy, the Bench Fitness CORE Weight Tree 3.0 is built with high quality, strong materials to ensure durability and longevity. The Bench Fitness CORE Weight Tree 3.0 will take years of use and abuse.
