

Description

Our Core range live up to their name, by being at the Core of what every gym needs.

Getting strong in the gym is not all about lifting heavy weights, bodyweight training is an essential tool in becoming a more complete athlete. The Bench Fitness CORE Stall Bars are a perfect addition to any gym where athletes are looking to improve general strength, flexibility and conditioning as well as being a fantastic rehabilitation tool. Measuring at 2.3m high, 1.32m wide and a mere .26m deep the CORE Stall Bars are easy to install and take up very little space.

Built Strong as only Bench Fitness can, the Core Stall Bars will take whatever you can throw at it for years to come.

Stall bar must be bolted to wall and floor
