

Deadlift Platform 2.4m x 1m

Description

The Bench Fitness Deadlift platform has been specifically designed for gyms with a smaller space and those that don't want to commit to a large 3m x 2m platform space.

Built with 50 x 50 steel tube frame, center panel is made from 20mm plywood bottom and 20mm rubber wood top with 2 layers of 20mm crumber rubber tiles to each side.

Comes standard with Bench Logo to hardwood center or can be customised with your own logo.

Features

- Tailored for gyms with limited space, offering an alternative to larger 3m x 2m platforms
- Measures 2.4m x 1m with a robust 50mm x 50mm box tube frame
- Combines a 20mm plywood base and a 20mm rubber wood top
- Flanked with 2 layers of 20mm crumb rubber tiles on each side
