

Hex Dumbbell 1-10KG Set

Description

Every gym needs dumbbells. Bench Fitness Hex Dumbbells set 1kg -10kg.

Bench Fitness Hex Dumbbells are coated in high density absorbent rubber to ensure floors and other gym equipment is protected. The 2.5kg and 5kg Hex Dumbbells have 28mm diameter handles and 7.5kg - 50kg Hex Dumbbells have 34mm diameter handles. Bench Fitness Hex Dumbbells are calibrated to within 3% of stated weights to ensure accurate weights ensuring athletes know exactly what they're lifting.

Built Strong as only Bench Fitness can, the Hex Dumbbells will take whatever you can throw at it for years to come.
