

Powder Coated Kettlebell

Description

Experience superior quality and value with our Bench Fitness Equipment Kettlebells, crafted to deliver top-tier performance without a premium price tag.

Available in an array of weights, from 4kg to 48kg, our kettlebells offer scalability for your workouts. Each weight class has its unique colour identifier on the handle, making selection quick and easy.

We understand the rigorous demands of gym use, and that's why our kettlebells are finished in matte black, offering a grip that remains secure even during high-repetition workouts.

Features

- Colour coded handles
- One piece casting
- Matt black finish
- High quality iron
