REVOLVE Half Rack

Description

A power rack is an essential tool in every gym, simply due to its immense variety of uses. The Bench Fitness Revolve Half Rack brings everything you need from a power rack in a nice compact construction. Built using the strongest, most durable materials, the Revolve Half Rack offers a huge amount of adjustability.

The Revolve Half Rack uprights allow you to adjust the J-Hooks and safety arms over a wide range of heights. The Bench Fitness J-Hooks are coated in high density plastic to protect your barbell. The Bench Fitness Safety arms are strong enough to handle whatever you drop on them all while making sure your barbells don't get damaged thanks to the high density plastic coating. The Revolve Half Rack is fully compatible with the ever growing range of Bench Fitness Rack Accessories and comes with a standard horizontal pull up bar, with the additional plate storage pins this power rack is essentially a home gym all in one.

Our Revolve range offers you a full range of colours options and custom branding solutions available upon enquiry.
