

## Description

In the world of strength training and bodyweight training there are few movements as effective as the dip. The REVOLVE Dip Attachment is compatible with all REVOLVE racks and rigs and is quick and easy to install and remove. With its compact design the REVOLVE Dip Attachment is very convenient to store as it does not take up much space.

Built Strong as only Bench Fitness can, the REVOLVE Dip Attachment will take whatever you can throw at it for years to come.
