Designing Coffee - New Coffee Places and Branding

Cutting-edge design and unique spaces created for indulging coffee around the world.

Over the past few years, the world of coffee has kick-started a movement of cultural and creative influence. New coffee business owners and designers are experimenting and putting their own spin on what a coffee brand can be, from the spaces to the packaging. Delving into interior design, architecture, and graphic design, Designing Coffee explores the most innovative and eclectic coffee shops of today. From the minimalist, teahouse-like coffee shops of Japan to the elegantly designed cafés of Italy and Spain, this book takes you on a tour through some of the most stylish coffeehouses around the globe while providing inspiration and ideas for your own coffee journey.

Lani Kingston is a food writer and consultant. She holds Masters degrees in Food Studies and Education, along with barista and pastry chef qualifications. Her first book, How To Make Coffee, is available in several languages. This is her second book with Gestalten after the bestseller Split the Beans.

Sublime Hideaways - Remote Retreats and Residences

Spanning all continents, Sublime Hideaways presents a selection of houses that inspire your next grand getaway.

Imagine waking up every morning to soft coastal sunlight. Or to the smell of fresh and crisp mountain air. Or, maybe, you would prefer a hint of pine forest in the blend? From cliffside lodges to island sanctuaries, from seaside retreats to oases in the desert, Sublime Hideaways explores the tempting details of remote architecture.

Showcasing cutting-edge contemporary design as well as iconic homes of the 20th century, Sublime Hideaways invites the readers to look at some of the most scenic landscapes of the world from a home with a view.

"Escaping from the city, between sunsets on the North Sea, the sound of the storm on a Norwegian island, the uncontaminated nature of the great American spaces, the light and colors of the villas overlooking the Mediterranean, are just some of the proposals contained in Sublime Hideaways."

The Avant Gardens
Visionaries and Gardens
Beyond Wild Expectations

Step into the gardens of the future! Taking into consideration climate change and biodiversity, The Avant Gardens celebrates the cultivated natural world.

The Avant Gardens celebrates visionary and art gardens in all their varying forms, spanning the Victorian era until today. This book blurs the line between the natural and the cultivated. Showcasing a wide range of examples that challenge our notion of what a garden can be, it also illustrates our evolving and ever-changing relationship with nature.

Taking into consideration climate change and biodiversity, The Avant Garden celebrates the cultivated natural world.

Join JOHN TEBBS, founder of The Garden Edit and Pleasure Garden, as he brings you on a visual journey of gardens across the world and provides insight into the future of gardening.

Concrete Jungle
Tropical Architecture and its Surprising Origins

Concrete Jungle presents some of the most exciting tropical houses and tells the surprising story of lush modernist architecture.

The liaison of rational architecture with the organic lushness of tropical vegetation has created some of the most visionary and futuristic buildings we know. Here, nature tames and bends the rough materials and austere lines, becoming one with the architecture.

Based on the concepts of modernist style and Bauhaus aesthetics, countries in tropical regions like Latin America, Asia, and Africa have developed their own unique visions of an international style and architecture that are both timeless and desirable, and they continue to be highly influential around the globe.

Concrete Jungle embarks on a journey through private works of architects that established the roots of the tropical modernist style and those who carry it on, from iconic visionaries, such as Luis Barragán and Lina Bo Bardi, to our contemporary Isay Weinfeld and others.

LIVING TO THE MAX

Opulent Homes & Maximalist Interiors

Find inspiration in a selection of extravagant interiors, brimming with color and pattern.

“W. the excess. The volume published by gestalten chooses the ‘extreme’ style of magno infectious and opulent houses where a maximalist interior design triumphs. (...) The atmospheres touch tones of maximum volume, so to speak, but demonstrating great design care and combinations that are never improvised.” Elle Decor (IT)

SOFT MINIMAL

Norm Architects: A Sensory Approach to Architecture and Design

Norm Architects’ sense of humane simplicity helps to shape environments that feel just as good as they look.

Guided by the purpose of wellbeing, the essence of Norm Architects’ style is balance: richness focused by restraint, simplicity imbued with warmth, complexity heightened by order. Be it architecture, interiors, or furniture, Norm’s unique brand of soft minimalism speaks to the mind as much as the body, creating and curating spaces for all.

The first self-curated monograph by Norm Architects, Soft Minimal showcases a range of works which facilitated their establishment as key figures within Nordic design. Presenting residential and commercial projects throughout Scandinavia, Italy and Japan, Norm reflects on Nordic traditions, modernist principles, and the importance of natural materials. Exploring a creative process that makes the visual speak to all senses, the book becomes insightful, inspirational, and deeply poetic.

Situated in one of Copenhagen’s oldest streets, NORM ARCHITECTS are deeply embedded in their context and apply their principles in projects worldwide. Their expertise lies in finding that sweet spot between having nothing left to add, or to take away.

“A tactical object, a manifesto, and a sourcebook—all in one—the publication seeks to highlight the values and design principles guiding the Danish practice while providing aesthetic inspiration to those that turn its pages.” IGNANT (US)
The Mediterranean home has an ongoing influence on residential architecture and interior design: from classical to rural styles to more grounded spaces that interweave form and function. Blending the inside and the outside, bringing together traditional features with contemporary elements, Mediterranean homes connect with their environments and the local culture.

The Mediterranean Home looks at architecture, at interior design, at decoration and furniture, at how vegetation and rock provide both shade and colorful warmth. It showcases the experience, graduating its intimacy, and nuancing its light. “We’ve never met a gestalten book we didn’t like, and this one on making the most of small spaces is no exception. If your beloved minimalist is short on square footage, they’ll relish the ingenious ideas and solutions captured here.” DWELL (US)

What’s best in architecture today and what’s most relevant for tomorrow come together in the first book by ArchDaily, the world’s most visited architecture website.

Drawing on ArchDaily’s curation of more than 40,000 projects over the past 15 years, it spotlights the most innovative built environments of our age—those paving the way for a better, more sustainable future. Centered around ArchDaily’s 10 principles of good architecture, the book showcases a rich variety of projects—both built and planned—from a sunken restaurant in subterranean views to a Mediterranean cave transformed into a remarkable residence.

Reflecting a global community of world-shapers, it celebrates the most visionary architects, and introduces bold new talent. It explores the key topics and trends redefining the built environment, marking the forefront of architectural thought and practice today, with an eye on tomorrow.

Founded in 2008, ARCHDAILY is the world’s most visited architectural website. Presenting latest projects, news, opinions, pieces, and debates on big challenges, the platform is an essential tool for architects and urbanists. Some 14 million readers from 230 countries come to the site every month.
The past did not happen in black and white. Discover people and places of the early 20th century through restored and enhanced imagery.

The Colors of Life transports readers to people and places of the early 20th century through the lens of color photography. This compilation showcases over 200 photographs enhanced by Stuart Humphries capturing people from various cultural backgrounds in their everyday lives, at leisure, and at work. With the use of color photography, these individuals and their stories come to life in a way that black-and-white photos simply cannot match. The book reminds us that color has the power to evoke personal and shared emotions that resonate across time. The Colors of Life is a captivating journey into the past, allowing readers to see and experience history in a new and vibrant light.

WHAT TO EXPECT
- Remarkable photos that have been enhanced and preserved
- A historical archive of the everyday lives of people from the past
- A new edition to our photo book collection, following the publication of Nostalgia by the color photography pioneer Sergei Mikhailovich Prokudin-Gorskii

STUART HUMPHRIES is a digital artist, photo restorer, and writer, and also a content creator active on YouTube, Instagram, and Twitter. Explains how to design an elegant and holistic visual identity for a contemporary brand.

Multiply serves as a definitive guide for creating meaningful, elegant and timeless brand identities. Chapters on Discovery, Direction, Typography, Photography, Illustration, Design, Digital Physical provide an insightful step-by-step approach on how to develop the various visual elements that define a contemporary brand in various media, channels, and activations. Through the expert eyes of Mario DePicolznae and a close-knit community of industry-leading designers, creative directors, and tastemakers, the book will explain how to develop a brand’s world and to design with grace, rationality, thoughtfulness, and intuition.

WHAT TO EXPECT
- A guide on how to create sophisticated graphic design
- A tool for aspiring graphic designers, art directors and creative consultants—or merely a resource for those interested in the behind-the-scenes creation of their favorite companies

Mario DePicolznae is a Croatian-born art director, graphic designer, photographer, and publisher. He is the founder of Studio8585, a creative practice dedicated to producing engaging and impactful solutions through brand identity development, direction, and consulting. His clients include, among others, Kinfolk, The Audo, Only Way Is Up, and The Poster Club, and his work has been featured in the likes of Dezeen, Wallpaper*, Openhouse, and Minimalisme. Formerly, Mario served as the Lead Designer and Art Director for Kinfolk and Ouur Media, and in 2018, he went on to develop Creative Voyage, an educational media platform.
Art has always had an intense relationship with activism and politics. It has a unique ability to communicate, persuade, generate controversy, raise awareness, and encourage people to question their preconceptions and beliefs. In these tumultuous times, with democracy being challenged from all sides, and with issues such as climate change, extremism, racism, and gender inequality ever higher on the news agenda, contemporary artists have no lack of inspiration. The Art of Protest explores the connection between art, politics, and activism today, revealing how, over the past decade, artists have been engaging with political and social issues through mediums ranging from painting to sculpture, from installations to performance, and from photography to digital work. Featuring the work of more than 70 artists and packed with visuals and in-depth commentary, The Art of Protest contextualizes and celebrates art as a tool for political critique and a powerful agent for change.

ALAIN BIEBER is the artistic director of the cultural institution NRW-Forum Düsseldorf. For the past two decades he has been organizing exhibitions with contemporary artists, especially in the fields of art and activism.

FRANCESCA GAVIN is contributing editor at Kaleidoscope, Twin, Good Trouble, Beauty Papers, and Financial Times’ How to Spend It magazine. She co-curated “Manifesta12” and has curated exhibitions at Somerset House and Palais de Tokyo. She was co-editor of gestalten’s The Age of Collage I, published in 2020.

Independent stores make our neighborhoods vibrant, colorful, and unique. Owner-operated, flagships, and concept stores offer quality, expertise, personal service, and inspiring interiors, turning shopping into an experience.

Think Big—Shop Small showcases distinctive stores and their forward-thinking concepts that combine good design with modern standards. From the stylish treasure trove of local arts and crafts to the hip cannabis shops, this book highlights stores that stand out for their heritage, personal service, and inspiring interiors.

MARIANNE JULIA STRAUSS is a German travel writer who turned her curiosity into a job. For ten years, she has roamed the world writing about the good things in life, covering the world of books with her previous two titles for gestalten. Do you read me? and Temples of Books.

What’s in store today? The most engaging retail experiences, created with taste and care.

An entertaining exploration of trend-immune fashion classics and their surprising origins.

How did the plain white T-shirt become an everyday hero? Which movie star helped turn the leather jacket into a global icon? And were chinos really created for military purposes? The origin stories of these casual men’s fashion staples will surprise you, often being traced back to subversive counter cultures.

The Rebel’s Wardrobe unpacks the modern legacy of clothes and reveals, for example, why the Carhartt jacket designed for railroad workers became synonymous with skaters and graffiti artists, or how polo shirts made the leap from middle-class tennis clubs to British Mods. Traversing genres and styles, this book goes back to the gestation period of iconic pieces, showing how they became timeless classics transcending fashion.

Comprising THOMAS STEGE BOJER and BRYAN SZABO, Denimhunters is one of the internet’s premier denim and heritage menswear authorities. It was founded in 2012 by Stege Bojer, who now serves as the editor-in-chief. Experienced writer and editor Szabo is a contributor to the site, and notably spearheads the writing and research for the Well-Made Essentials rugged menswear buying guide.

"If you’ve ever modeled one of your fits off one of Steve McQueen’s timeless looks, wondered how and (more importantly) why the white tee looks eternally badass, or just wanted all the detailed history on your favorite iconic piece of clothing that still holds up from the past—you’re gonna want to win this beautifully bound piece of men’s fashion literature." - HEDDELS (US)

JAIME HAYON
Welcome to Jaime Hayon’s beautiful world: mysterious ceramic creatures, finely crafted objects, and the warm pastel colors of his Mediterranean home.

This title is a compilation of Jaime Hayon’s famed work exploring his relationship with materials, his theory of color, his technique, inspiration, and creative process. Jaime’s style and vision have come to be associated with the most prestigious interior design for hotels, restaurants, and galleries. Blurring the lines between art, decoration, and design, Hayon’s creations are full of playfulness and optimism. Jaime Hayon is the follow up to gestalten’s highly successful book: Works.

Spanish artist and designer, JAIME HAYON founded Hayon Studio in 2001. He has brought his unique vision in contemporary design to the likes of Swarovski, Fritz Hansen, & Tradition, or Baccarat, as well as executing complete interiors for leading hospitality and cultural venues. Based in Valencia, Spain, he has been lauded one of the most influential creators of the last decade and as a “visionary” creative icon by TIME magazine.

“In 2017, he designed the decoration of the Hotel Barceló Torre in Madrid. A major achievement at the meeting between the different disciplines he practices. It is this rich and personal repertoire that the book published by gestalten presents.”

“MILK DECORATION (France)

“Talking about Jaime Hayon, so much has been said, but here is another thing... The pages show mysterious ceramic creatures, carefully crafted design-objects, domestic spaces inspired in colors by his Mediterranean soul, but also important interior design projects conceived for hotels, restaurants, and agencies (...)” ELLE DECOR (France)
The most famous outdoor photographer captures and celebrates the oceans in all their beauty and majesty.

The oceans are the lifeblood of our planet, a source of wonder, beauty, and inspiration. In this breathtaking photo book, Chris Burkard, world-renowned outdoor photographer and explorer, takes us on a journey across the seven seas.

From the rugged shores of the North Atlantic to the tranquil waters of the tropics, Burkard’s lens captures the stunning diversity and ever-changing beauty of the world’s oceans. With each turn of the page, readers are transported to a different corner of the globe, immersing themselves in natural splendor.

But The Oceans is more than just a collection of stunning photographs. It’s a call to action, a reminder of the urgent need to protect and preserve our fragile blue planet. Through his art, Burkard encourages us to see the oceans not just as a resource to be exploited, but as a source of wonder and inspiration that deserves our respect and stewardship. Dive into The Oceans and experience the awe-inspiring beauty of the world’s deep blue waters.

WHAT TO EXPECT

• A celebration of the beauty and wonder of oceans around the globe, showcasing how they have inspired life, creativity, art, and exploration for many
• Stunning ocean photography, and imagery of nature and outdoor activities
• A glimpse into a new era of outdoor living and exploration

CHRIS BURKARD is an adventurer, photographer, author, and creative director based in California, best known for inspiring photographs of natural landscapes in far-flung regions of the globe that he makes accessible to millions of people on social media.
de Tomaso was possibly the most interesting man in the cartoonish effect. The Ford V8 was mounted in the middle, the king cobra. What's a little friendly rivalry between V8 power. Instead, Shelby signed with Ford to oversee the production of his famed Cobra with a De Tomaso, complete with big Ford engines. "Mangusta" is the Italian word for mongoose, an otherwise unassuming animal. The formula was familiar: Italian elegance with American power. For those about to rock.

A total of 401 Mangustas were built, with the majority of them sold in America. De Tomaso thought bigger, though. Instead of the Ford V8, he chose to use a Ford 4.7-liter V8, which was powerful enough to make the Mangusta a potent 170 horsepower in Mille Miglia tune. Carrozzeria Fantuzzi designed the bodywork, their first in what would become a series of projects together. The Mangusta was much more than just a car—it was a symbol of a bygone era.

DE TOMASO MANGUSTA
The mid-engined Cobrilla was Alejandro de Tomaso’s mid-engined answer for those about to rock.

Italy is the homeland of “La Bella Macchina” and the cradle of automotive culture. This book celebrates the most iconic cars and visionary designers from the peninsula.

This stunningly illustrated book takes readers on a journey through the history of Italian automotive design, showcasing some of the most iconic and beloved models from the 1920s to the early 2000s. Delving deep into the craftsmanship and artistry of vintage automobiles, this book explores how Italian car design has been at the center of technology, culture, and creativity—and how Italian designers like Pininfarina, Zagato, Bertone, Giugiaro, Gandini, and Ghia have influenced international car designs and brands. With striking archival and contemporary images, Beautiful Machines: The Italians reveals the fascinating stories behind some of the most famous cars from Italy and what makes them so desirable. This book uses the lens of automotive design to chart the evolution of culture over the last 100 years. Beautiful Machines: The Italians is an impactful celebration of Italian car design and its lasting influence on design and culture.

WHAT TO EXPECT
• An extensive overview of the most iconic car designs from Italy
• An exploration of how Italian car design has been at the center of technology, culture, and creativity throughout the ages and has influenced international car design
• Striking archival and contemporary images of iconic automotive designs

One of Pininfarina’s most incredible designs, wrapped around one of Maserati’s most incredible engines—but when it did, the result was spectacular. The A6GCS/53 body was a lithe, delicate little piece, with the strength to stand up to the furious speed at which it was pushed. In the hands of Maserati’s most famous drivers, it was a force to be reckoned with.

BOATLIFE

Exploring the Freedom of Maritime Living

Boat life, this is like vanlife on the water—explore the world across the great blue waters.

The lure of nomadic life on the water is simply too great for many to resist, offering the opportunity to discover an array of landscapes and cultures, and the freedom to sail wherever you like. Whether you are drawn to the Mediterranean, Caribbean, or Arctic, each maritime region has its own unique charm. Extraordinary experiences and adventures await you wherever you go. These days, people are increasingly loath to be tied to living and working in one place. This has prompted some of them to swap the confines of their city apartments for the functional yet cozy quarters of a boat cabin. Boatlife is packed with striking photographs and inspiring stories. Take a deep dive into the boat-life mindset and rethink your whole notion of “home.”

At this point, do not shake the sieve anymore but simply hold it over the smoke and embers and smoke. Shake the sieve slightly until the skins of the tomatoes begin to burst. Finely chop garlic and thyme and mix with olive oil. Toss with the cherry tomatoes. Put a fresh piece of firewood in the fire so it starts to smoke. Keep the sieve over the embers until the tomatoes collapse slightly. This takes approx. 10 minutes. Then put the cherry tomatoes into a sieve. Place the grilled beefsteak tomatoes on a platter with the cherry tomatoes in a bowl and season with salt. Light your fire and let it burn to embers. Place a grill rack approx. 15 cm / 6 in over the embers. Cut the beefsteak tomatoes in half and season the cut side with vinegar, sugar and a little apple vinegar (see p. 285). For decades, open-fire cooking has been considered a pastime reserved for scouts and elite soldiers, leaving the rest of us to grill sausages on the terrace. But open-fire cooking is for everyone. It is sensuous and impractical in the best sense of the word. It is as much about the time spent making the food as it is about eating it.

Cooking on Fire is full of delicious fire-cooked recipes requiring varying degrees of effort. It teaches you how to build and light campfires, different campfire cooking techniques, the equipment you will need (if any), and everything else you need to know. You’ll find classic recipes like Chilli Con Carne and roasted chestnuts but also more challenging dishes that require a fair amount of time—which is a good thing. Because if there is one thing the authors would like to accomplish with this book, it is to give you, the reader, the freedom to sit down by the fire, and with food as the excuse, look into the flames, and relax.

WHAT TO EXPECT

- A cookbook for anyone who likes to spend long hours outside
- A great variety of recipes, tips on how to build the perfect fire, and which tools, and utensils to choose
- Lots of ideas, what you can cook over fires, besides steaks and delicious sausages

Cooking on an open fire is the most archaic of all cooking methods. This cookbook provides many varied recipes as well as practical tips.

EVA H. TRAM worked as a gastronomical writer and editor for magazines and guides for several years before she almost accidentally picked up the camera and let her joy of food vitalise in photos as well. NICOLAI TRAM worked as a chef in top restaurants in and out of Denmark before leaving the industry to be in television instead.

A YEAR WITH OUR FOOD STORIES

Gluten-Free Seasonal Fare

Uncover the beauty of the changing seasons through a wide range of delicious, gluten-free recipes!

Quality food has the ability to awaken our senses, a concept well-known to photographer and food-stylist-turned-cooks, Laura and Nora. Through Our Food Stories, the pair have made it their mission to attain these delights through gluten-free, vegetarian, and healthy cooking. Supporting the opinion that where we eat matters just as much as what. When Laura and Nora lay out a table, the centerpiece and the dishes intertwine to provide a new found connection and appreciation for the ever-changing offerings of nature.

 Bursting with delicious recipes built upon seasonal ingredients, A Year With Our Food Stories is fundamentally a cookbook; however, it offers so much more. Stunning visuals of kitchens, tables set up by cozy fires, or picnic blankets laid out on flowery meadows provide inspiration on how best to reflect the varying flavors of the seasons in the settings within which we consume them. This is a book for food lovers, with an appreciation for taste in all its forms.

OUR FOOD STORIES is one of the most popular contemporary food blogs. Founded by photographer Laura Mothesius and food stylist Nora Eisemann, their Food Stories journey began when they struggled to find a cake that was both delicious, and gluten free. With a passion for cooking and interior design, they share their recipes and visual inspiration for the kitchen and the home to more than a million followers worldwide.
**Dalgona Coffee**

This coffee is named for its similarity in flavor and appearance to honeycomb candy, called Dalgona Coffee. Although it has been recently popularized by Koreans, it most likely originated elsewhere. A number of countries have been making this coffee for years, including India and Pakistan, where it is called masala chai. This coffee is made by dissolving coffee, sugar, and water in a mixing bowl, using a hand blender or a mixer for 5–7 minutes to create a foam. The coffee mixture is then poured over your choice of milk for an iced coffee. The foam will separate and can be served on top.

**Serves: 1**

**Ingredients:**
- 2 tbsp instant coffee
- 1 tbsp sugar
- 100 ml hot water
- Milk (to taste)

**Equipment:**
- Hand blender with whisk attachment
- Mixing bowl

Put the instant coffee, sugar, and water in a mixing bowl and whip until thick and frothy. Pour over milk into a glass, and spoon the whipped coffee mixture over the top. Stir through before drinking.

### SPILL THE BEANS

Global Coffee Culture and Recipes

Coffee is the world’s cup. Over 2.25 billion are brewed, sipped, and savored daily. A loyal companion and energetic facilitator of every day, coffee has spurred an entire café culture and a booming industry.

Spill the Beans takes the reader on a journey through Ethiopia, Guatemala, Vietnam, and many other countries in between, exploring the myriad ways in which coffee is produced, traded, and enjoyed. An essential title for armchair travelers, curious foodies, and café-hoppers alike, this java journey demonstrates that there’s a vast world of coffee beyond the ubiquitous flat white. This book is an extra hot commodity, maybe it is time to sample it?

LANI KINGSTON is a food writer, researcher, and consultant, with a focus on coffee, chocolate, and sustainable food. She holds Master’s degrees in both Food Studies and Education, a degree in Film and Television, and barista and pastry chef qualifications. This, her third book on coffee, summarizes years of research and aims to honor and pay respect to these remarkable coffee cultures.
