# LUSTER PREMIUM WHITE® PEARL

Whitens **2X Faster** Than Strips\*

## TEETH WHITENING INSTRUCTIONS

## 2 EASY STEPS TO A WHITER SMILE

### STEP 1

Prep with the Pearl Infused Whitening Rinse by swishing approximately a tablespoon (10 mL) around your mouth for 10-15 seconds and spit. (Do not swallow)

### STEP 2

Shake the Whitening Serum for 3-5 seconds and apply onto the surface of each tooth you would like to whiten. Squeeze the applicator to release more product as needed to ensure that teeth are well covered. Wait 20 seconds for gel to dry before allowing teeth to come in to contact with your lips or tongue. Avoid contact with lips, tongue, and gums to minimize the possibility of irritation. Wait 10 minutes before brushing your teeth, eating, or drinking.

*Repeat Steps 1-2 until desired results are achieved. You can do consecutive treatments (up to 5 recommended) or spread out the treatment over several days.*

## WHITENING ON DEMAND™

- Luster Premium White® is not only clinically proven, but it also works fast so you can **get a whiter smile today!**
- The 2 Minute Whitening Kit **whitens 2x faster** than strips\* in just 1 day, and with our patented Whitening Serum helps you get up to **6 shades whiter in just 3 days!**

technology.

## TIPS FOR BETTER TEETH WHITENING

- ✦ Avoid eating or drinking for 10 minutes after whitening treatments.
- ✦ No need to rinse with water between consecutive (back-to-back) sessions.
- ✦ For added brightening benefits brush daily with the Luster Premium White™ Pearl Infused or Activated White Charcoal Toothpaste.

## WARNINGS & CAUTIONS

**Keep out of reach of children under 12 years of age.** If irritation (such as redness swelling, soreness) of the gums or the mouth occurs, discontinue use, and consult a dentist. Products containing peroxides are not recommended for use by children under 12 years of age, gum disease, gingivitis, bleeding or severely receding gums, tooth sensitivity, or while wearing dental braces. Avoid contact of the Rinse and Serum with the eyes and direct contact of the Serum with the gums and/or salivary flow. These products and/or any components should not be swallowed. Do not use these products if you are allergic to any of the ingredients. If you are pregnant or nursing, do not use these products without first consulting your doctor. This product only works on natural teeth. It should not harm fillings, crowns and caps, but it will not make them whiter. Avoid spilling the Serum on fabric, clothing or furniture as it may cause discoloration. Store the Rinse and Serum as described on packaging, in a cool place away from heat, sparks or flames.
