PURCHASE WITH A PURPOSE

Aspire employs over 20 adults with autism and similar neurodiverse conditions.

Our products are created, customized, and packaged by these artisans. **100%** of sale proceeds are utilized to keep our program running and pay their wages.

OUR 10 YEAR JOURNEY

When Denise Hazen's son Nick was diagnosed with autism at the age of two, she was told what he would "never" do. Fueled and challenged by the doctor's prognosis, she set off to prove them wrong. After discovering her son's fine motor skills and attention to detail, she created Aspire Accessories in 2011 as a way to provide meaningful work for Nick.

What began as a mother-son endeavor has expanded to a vibrant workshop studio where our artisans create, produce and sell their creations while learning useful skills, experiencing the workplace and its responsibilities, assisting customers, and uniting in community.

**Join us on our mission to inspire and empower
these individuals to achieve their full potential.**

Terms and Conditions: Minimum order for corporate pricing is 12 items, unless otherwise stated. Please ask about product colors not shown. There is a one-time setup fee of \$20.00 for artwork. Aspire will provide a digital artwork proof for approval prior to manufacture. Items must be picked up or delivered within 60 days of completion of the order.
