HIGH COUNTRY EDITION ROOFTOP TENTS

Exploring further. Pushing limits. Surviving the elements. The ultra-light, aerodynamic High Country equips you for it all in luxurious comfort. Engineered with meticulously selected materials that shave off any unwanted weight while delivering maximum strength, this roof top tent sheds wind and water to take the beatings backcountry storms can deliver. Opening in just seconds, it's the perfect platform for relaxing: panoramic views through its front and oversized windows and a stylish, innovative interior with intuitive features.

OUR LINE ON QUALITY

At FSR, quality and innovation aren't just words to us, they're our philosophy. They're the reason we do business in the first place, because we're out there doing it with you. We understand how important it is to have things built intelligently, intuitively and ready for the long haul, so our team focuses on every detail, rigorously testing and researching to deliver the most superior products. From the tough, lightweight frame, to industry-leading fabrics, to the superior sewing and assembly, you can rest assured every feature is engineered for endless adventures and seamless function.

DESIGN

Every High Country Edition tent is designed to maximize your outdoor experience. Our thoughtful design saves you set-up time, widens your windows and expands entries because we know that the value of quality goes beyond materials that endure—good design is part of making memories that last.

STRUCTURE

Our tents are built upon our signature T-slot extruded aluminum flooring system that provides an exceptional strength to weight ratio, maximum mounting options, and easy installation on your vehicle's rack.

SHELTER

Protection from storms, sun and no-see-ums, we construct every tent to hold up to the elements. We select the most durable fabrics and engineer our rugged framing to withstand heavy winds, use and weather while giving you the ultimate place to relax.

FEATURES

- 1 210D poly-oxford ripstop rain-fly fabric, protected with 2-mil polyurethane and silver coating
- 2 600D poly-oxford ripstop body fabric, protected with 2-mil polyurethane coating
- 3 Oversized windows optimize your viewing experience
- 4 Plush medium-density mattress with quilted cover
- 5 Integrated gear bags intuitively store and stow
- 6 Interior storage pockets and accessory hooks
- 7 Aluminum alloy hinges and 1" diameter tubing offer lightweight rigidity
- 8 Stainless steel fasteners won't rust and resist vibration
- 9 Thermo-molded corners reinforce the tent frame
