

READYLIGHT

READYLIGHT GEN 2

INSTRUCTION MANUAL

DEAR FREESPIRIT FAMILY,

As a family owned and operated business, it is our hope that as you get out there and use the Freespirit products, you feel like a part of our extended family and also feel like we are all out there exploring this great planet *together.*

Our goal at Freespirit Recreation has always been to re-invent the roof top tent from the ground up and create amazing gear. We work hard to create the best designs using the best products that allow for a fast and easy set-up. We want you spending more time *exploring and enjoying life.*

You have asked us to be innovative, to provide the best quality, to provide great customer service, and to keep creating products that *Elevate Your Adventure* so stay in touch with us!

Follow us on social media and on our website, www.gofsr.com.

Have questions for us?

Reach out, we are here to help!

Oh, and because we have to put this in here...

**PLEASE REVIEW THIS INSTRUCTION MANUAL BEFORE USING
YOUR READYLIGHT GEN 2.**

From the Freespirit family to you, **THANK YOU for your purchase of the
Readylight Gen 2!**

We hope that it really will *Elevate Your Adventure!*

FREESPIRIT RECREATION CONTACT INFORMATION (PAGE 13)

PRODUCT OVERVIEW:

The next generation of ReadyLight is here! The Gen2 features a telescoping base so you can make it higher or lower, wider or slimmer to fit any space. The main light comes with 4 detachable white and amber colored Lightpods. Gen2 also comes with a compact, hard shell carrying case with foam inserts to keep the ReadyLight safe and secure when stored.

The Gen2 is the same high quality light as customers have come to expect from ReadyLight but with the new enhancements and improvements listed above. The ReadyLight has an extremely bright 550 lumens center light and 4 removable Light Pods which replace the need for flashlights, lanterns, work lights, strobe lights—you name it. Offering up to 30-hours of light, the powerful lithium batteries can be charged 3 different ways—solar, AC & DC. Plus, it's a USB charging station for your mobile devices. We like to think of it as the most versatile backyard to back country light ever designed.

Available in Black Ops and Desert Sand.

MAIN PANEL:

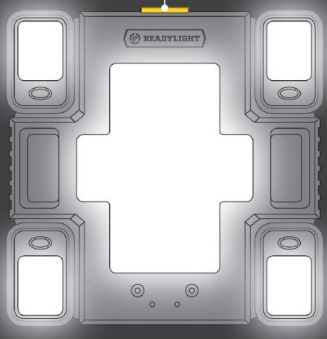

CHARGING:

MAIN LIGHT OPERATION:

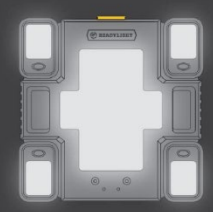

1

Turn on light:
Press and hold ON/OFF button for 1-2 seconds...
...lights will first activate at their brightest (5 WATT) setting.

2

Momentarily depress ON/OFF button a second time:
Lights will dim to their low (2.5 WATT) setting.

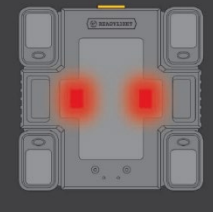

3

Momentarily depress ON/OFF button a third time:
Main lights will deactivate and red warning lights will turn on and blink slowly.

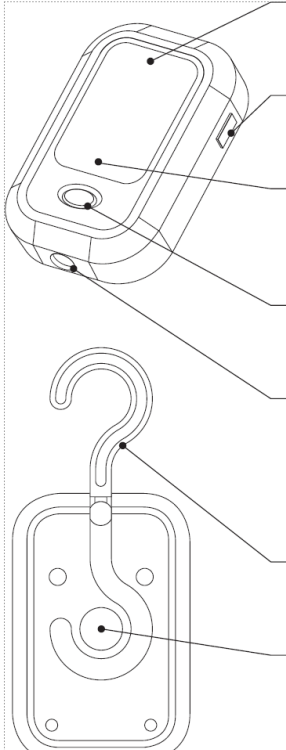

To repeat the cycle of light functions, continue to depress the ON/OFF button.

Press and hold ON/OFF button to turn off light.

Red indicator lights will flash quickly when batteries are low on power.

PODLIGHTS:

Charge indicator light
Hidden under main lens.
Lights red when charging.

Mini USB charging port
Allows for charging of light independent of main light.

Low power indicator light
Hidden under main lens.
When charging is required, light turns red.

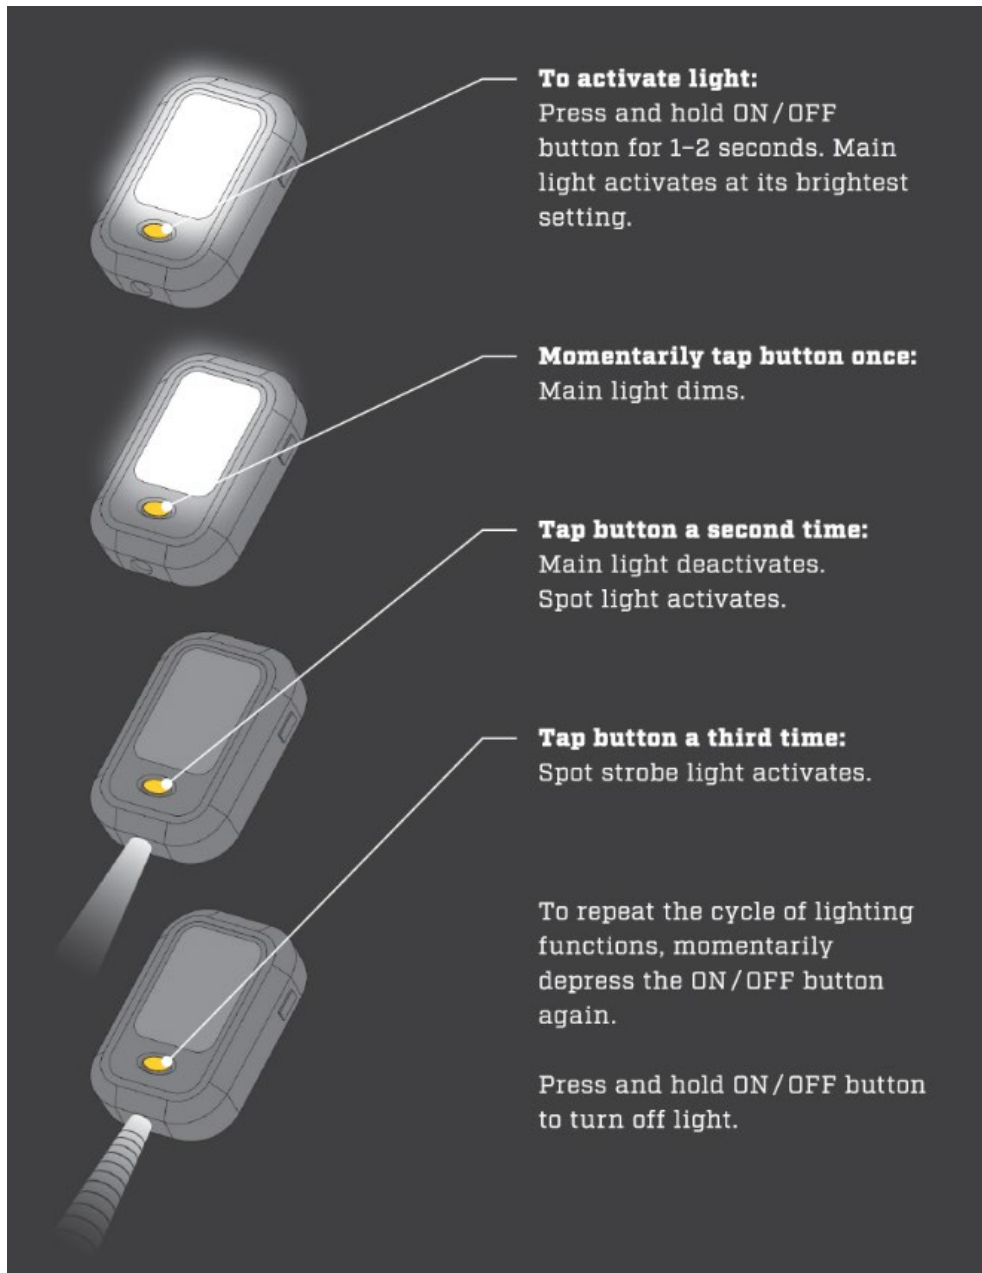

ON/OFF switch
Press and hold 1-2 seconds to turn on light.

LED spot light

Fold-out hook
Lets you hang your light just about anywhere.

Powerful base magnet
Firmly secures light to main ReadyLight. Also allows light to adhere to any ferrous metal surface.

PODLIGHTS OPERATION:
