HUME

## **Auditors to** inform on new move

FACT sheets with details and answers to questions about Sunbury's impending move from Hume are now available.

Newly-appointed transition auditors Frank Vincent and John Watson have released two of a series of information sheets that outline facts and concerns relating to the 2013 Sunbury poll, including a breakdown of tally results.

More information will be released in the coming weeks regarding the decision to establish a new Sunbury Council; the implications, both financial and non-financial, for both communities; and service provision. "Following this transition audit, we will provide our independent advice and recommendations to the minister," the pair said.

The fact sheets can be seen at sunburyhumetransition. vic.gov.au or in the Leader.

Residents can also meet with the auditors from June 29. To make an appointment, email sunburyhume. transition@delwp.vic. gov.au
