True Stories of His Miracles

Jesus Goes
to a Party

John 2:1-12

Have you ever been to a party? One day Jesus went with his family and friends to a wedding party. They ate and drank and then they ate and drank some more. The wedding party didn't only last for a couple of hours. It went on for a whole week!

Everyone was having a wonderful time until . . .
the party ran out of wine.

Oh no!

empty

full

Imagine you went to a birthday party, but the cake was all eaten up before you got a piece. How sad! The people at the wedding party were sad too.

Jesus's mom knew that Jesus could help.
She told the party helpers,
"Do whatever Jesus tells you to do."

Jesus pointed to some
big stone jars.

How many jars
are there?

Jesus told the helpers, "Fill the jars with water." The helpers filled the jars full of water, right to the top. Then Jesus said, "Take some of the water from these jars and give it to the person in charge of the party."

But when the person in charge of the party
tasted the water, he was surprised!
It wasn't water at all. It was delicious wine!

Hooray!
Jesus is good
and powerful.

Jesus had turned the water
into the very best wine.

**Why do we celebrate
and throw parties?**

We celebrate holidays like
Christmas and Easter. We
celebrate birthdays with games
and presents. But best of all,
we celebrate Jesus, because he
is good and powerful!
