David and Helen Haidle are an author-illustrator team who own their own publishing company, Seed Faith Books. **Ken Ham** is the founder and CEO of Answers in Genesis (U.S.), the Creation Museum, and the Ark Encounter. He and his wife, **Mally Ham**, have co-authored several books. **Joey Allen** is an artist and author who loves to make deep truths accessible to children and adults. He lives with his wife and two kids internationally. **Earl and Bonita Snellenberger** graduated from Herron School of Art of Indiana University. They wrote and illustrated children's books together at their art studio.

Lessons for a 36-week course!

Overview: This *Biblical Beginnings for Preschoolers Teacher Guide* contains materials for use with *God Made the World & Me*, *A is for Adam*, *D is for Dinosaur*, *N is for Noah*, *Big Thoughts for Little Thinker* series, and *Noah's Ark Pre-School Activity Book*. Materials are organized by each book in the following sections:

	Master Supply Lists
	Daily Plans and Instructions
	Coloring Pages

Features: Each suggested weekly schedule has four easy-to-manage lessons that combine reading, coloring pages, activities, and vocabulary-building opportunities for students aged 3 to 5. Pages in this teacher guide are perforated, making them easy to tear out, hand out, grade, and store. As always, you are encouraged to adjust the schedule and materials as you need to in order to best work within your educational program.

Workflow: Parents can follow the included lesson schedule and help their student complete each of the daily course materials or activities. Upon completion of each day's work, parents can indicate it in the schedule. Young students may need to go over the course material more than once to aid comprehension, and parents have flexibility in how they choose to do so in order to meet the needs of their individual student.

Lesson Scheduling: Space is given for assignment dates. There is flexibility in scheduling. Each week listed has four days, but due to vacations, the schoolwork week may not be M-TH. Please adapt the days to your school schedule. As the student completes each assignment, you may put an "X" in the box.

	Approximately 45 minutes to an hour per lesson, four days a week
	Weekly lesson schedule, daily instructions, master supply lists and coloring pages are included
	Science, art, music, and physical activities are part of this course
	Materials allow integration of basic skills learning with biblical themes and history
	Designed for ages 3 to 5 in a one year course
	Supports activity-based learning

God Made the World and Me

Take a fun and educational journey through songs, science, and fun art projects as you learn about the creation week and develop a basic understanding of the world.

A is for Adam, D is for Dinosaur, N is for Noah

A unique, easel book series for learning the alphabet with colorful rhymes and illustrations, along with important biblical facts and helpful information for parents.

Noah's Ark Pre-School Activity Book

Learn shapes, colors, numbers, opposites, and more with puzzles, connect the dots, and other fun activities, all built around learning more about Noah's Ark!

Big Thoughts for Little Thinkers

Teach age-appropriate biblical concepts like the gospel, the Trinity, the mission, and God's Word as Scripture in this delightfully illustrated series.

Teacher Helpers

This course was designed to be used with 3-, 4-, and 5-year-olds. Please adjust all activities, assignments, and schedule according to the needs and abilities of your students.

Most lessons include extra activities for elementary-age students. If the whole family wants to be involved, older students can help younger students complete the activities.

Coloring pages included in this Parent Lesson Planner are front and back. If you prefer to print them out as single sheets, please go to: www.masterbooks.com/free-downloads; scroll down to the links below “Coloring Pages.” There are four pdfs that can be downloaded to your computer and printed as needed.

We have provided a helpful materials list. We suggest preparing in nine-week increments, but certainly at least a week in advance. We suggest using a plastic container to keep the needed supplies in one place. Students love to be in charge of retrieving the necessary items for each day.

Encourage students at the end of each day to clean up and return supplies to the container and put away their books, pencils, and crayons.

God Made the World & Me

- This book uses the *Creation Story for Children* books.
- Use the “Dear Parents” pages as a review of the week and preparation for the next week.
- Instructors should use discretion with how many and which Learning Center options are completed. The attention span and age of students should be the guide.

A is for Adam, D is for Dinosaur, and N is for Noah

- *N is for Noah* has many activities that are repeated from *A is for Adam* and *D is for Dinosaur*. Children this age love repetition and will remember important lessons by repeating activities.
- We recommend repeating as many activities as possible, but instructors may opt to simply review repeated activities and discuss what was learned.
- Students are regularly asked to repeat a section back to you. This is called narration. Students should not be expected to recite the section word for word, but should include key concepts. Students will get better at narration with practice.
- Students should practice writing each letter with their finger in the air. Letters should be large.
- Students may also be given the opportunity to write each letter on a piece of paper. Each letter should be large enough to take up the entire sheet of paper. Young students may use the “fist” hold but should be encouraged to try holding the pencil or crayon the proper way. A “gripper” may be used to help the student learn the proper placement in his or her hand.
- Let students name other words that begin with the letter you are working on. Instructors may want to write the words on the letter sheets drawn by the student. Another option is to cut out pictures from catalogs or magazines of items that begin with the letter being worked on. The pictures may be glued onto the letter sheets.

- Letters may also be practiced by forming them with play dough, writing them in sand, or writing them on a cookie sheet with shaving cream. Be creative and come up with your own activities.

Noah's Ark Pre-school Activity Book

- Continue to practice the concepts during the day. For example, practice colors by pointing to various items and asking the student what color it is. Ask the student to identify items around the house with the same shapes they are learning.
- Instructors may want to help the student do further research on animals mentioned in the book. Library books, *44 Animals of the Bible*, *The World of Animals* available at MasterBooks.com, or websites such as AnswersinGenesis.org.

Big Thoughts for Little Thinkers

- Let each book be used as a springboard for conversation.
- Encourage students to ask questions. Offer simple answers. Read Scripture verses to help explain difficult concepts.
- Students may be encouraged to draw pictures based on a Scripture verse or concept covered.
- Remember to take time to pray with students.
- Dinner time is a good time to continue the conversation with the entire family.

**Worksheets and Activities
for Use with
God Made the World & Me
and
*The Creation Story for Children***

God Creates Light (*God Made the World and Me* pages 12 – 21)

Lesson 1, Day 1

I. CIRCLE TIME

Read Genesis 1:1–5 to your students.

- Talk about the concept of “empty,” using activity 1 in the “Dear Parent” section on page 11.
- Talk about the concept of “dark” and “light,” using activity 2 in the “Dear Parent” section on page 11.

Sing the “Circle Time Song” on page 16.

II. PHYSICAL CENTER

See page 13. If you have only one child, play the “Guess What I Am Thinking Of” game. The teacher should give a clue about the object he or she is thinking about that is located in the room. Clues can be about color, shape, size, etc. Let the students shine their flashlight on the object they think it is. If they are wrong, the teacher gives another clue. This continues until the student identifies the correct object.

Lesson 1, Day 2

I. CIRCLE TIME

Review Genesis 1:1–5

- Ask students to explain what Genesis 1:1–5 is about, filling in any parts they may have missed.
- Sing the “Circle Time Song” on page 16.
- Play the Night and Day Game on page 16.
- Introduce the Memory Verse on page 18.

II. SCIENCE CENTER

Complete option #1 on page 13.

Complete option #2 on page 14.

Note: Complete option on page 14 for older children.

Lesson 1, Day 3

I. CIRCLE TIME

- Sing the “Circle Time Song” on page 16.
- Read pages 2–5 of *Creation Story for Children*. Engage students in the Circle Time Discussion on page 17.
- Practice the Memory Verse on page 18.

II. ART CENTER

See page 15. Complete your choice of activities, based on whether you have older or younger students.

Lesson 1, Day 4

I. CIRCLE TIME

- Sing the “Circle Time Song” on page 16.
- Practice the Memory Verse on page 18.

II. REVIEW

- Color “God Creates Light” shown on page 20. Use student’s copy in this teacher guide page 63.
- Complete Magazine COLOR Collage on page 21.
- Review Lesson 1 by completing the Closing on page 18. Give students a chance to recite their memory verse.

Worksheets and Activities
