

## Love notes

This pattern is compliments of  
Country Craft Cupboard Berlin, OH  
330-893-3163

Supplies you will need: fat quarter of wool felt  
fat quarter of inner lining fabric  
Wonder Under pearl cotton  
Any ribbons, buttons, etc that you would like

Begin by fusing Wonder Under to wool felt. Trace pattern to the paper side of the Wonder Under and cut a little on the outer edge of pencil line. Remove paper and fuse felt to fabric, cut cotton close to felt. We tried to make our models all different so you could see different things you could do. You can use a pinking sheers and do your cutting, so you'd have a decorative edge. You will want to sew your edges, you can either do this by hand, we button hole stitched ours, or you could machine sew them as well. Feel free to stitch 'envelope' lines to the bottom, or add buttons, doilies, lace, keys, (I think you get the idea) Then fill them with whatever you like, hand lotion, sewing notions, candy, coffee, stationery...have we given you some ideas? Just have fun..and make them your own!
