

Power30 Weld Cleaner

A powerful weld cleaner designed to remove all types of discolouration on stainless steel TIG welds.

The Power30 provides excellent results on stainless steel TIG welds in both smaller and bigger production environments. Thanks to its low weight, the machine can be used both off- and on-site and is easy to carry around due to its built-in handle, and a robust carry case.

POWER 30

STARTER SETS

Part Code	Product Name
WELC1055-1	Cougartron Power30 Basic Set
WELC1055-2	Cougartron Power30 Starter set
WELC1055-3	Cougartron Power30 Complete set
WELC1055-4	Cougartron Power30 Expert set

TECHNICAL INFORMATION

Machine weight	6,51 kg
Starter set weight	14,05 kg
Machine dimensions	Height (with handle up): 378mm, width: 220mm, depth: 170mm
Power input	110v or 230v (Auto-switching)
Application and capabilities of the machine	Weld cleaning, electrochemical marking
Weld cleaning method	Electrochemical
Metal type	Stainless steel
Recommended brush type	Powerbrush
Warranty	1 year without registration or 2 years with registration

MACHINE SET CONTENTS

Part Code	Product Name
WELC1055	Cougartron Power30 Basic Machine
WELC2005	Acid pot 500ml with lid
WELC2047	Cougartron lead with handle 4M, 50A (x-connector)
WELC2064	Cougartron transport case with foam insert – Large
WELC2118	Cougartron lead with earth clamp 4M, 50A (x-connector)
WELC2149	Cougartron microfibre cloth – 40x40cm (black)
WELC2226	Cougartron wand/twist shroud set (for 1x M6 brush)
WELC3101	Cougartron Powerbrush (M6, 30A) – 10 pack
WELC3158	CGT-N5 HyPerformance Neutralising Fluid – 500ml
WELC2201	Cougartron sprayer for spray bottle – orange
	IEC power lead 1.8M 230V (EU)
	Cougartron brand acid-resistant gloves
	Cougartron brand safety glasses
